AFFIRMX & COMPLYSIGHT

Become confident in managing compliance

The choice is yours... Which one of these practical compliance tools best fits your credit union's needs?

AffirmX RISK INTELLIGENCE

Combines hands-on expertise & industry-leading technology to help reduce compliance overload

- Delivers progressive, patented technology
- Utilizes a cloud-based platform & includes an easy-to-navigate dashboard
- Provides behind-the-scenes review & guidance by a diverse panel of experts
- Delivers ongoing risk intelligence support
- Equips credit unions for examinations & audits & improves results
- Experts perform required independent testing & audits
- Produces four comprehensive audit reports: BSA, ACH, SAFE Act & Website Compliance Review
- Creates a review/audit schedule
- Empowers oversight while delegating responsibility
- Saves time by integrating compliance efficiencies
- Offers an affordable, complete compliance solution, based on a sliding scale according to asset size
- Provides annual on-site visits

ComplySight®

Empowering your credit union with compliance control

- Provides one central hub for compliance management
- Delivers easy-to-understand guidance to inform your credit union on compliance requirements
- Manages regulatory requirements & associated internal communications
- Easily assigns, tracks & manages tasks & follow up to unlimited number of staff
- Seamlessly tracks audit & exam findings
- Enables your credit union to track member complaints & assign responsibility
- Helps your credit union set due dates & assignments
- Pushes regulatory alerts & updates to the credit union
- Produces robust reporting quickly & easily (overviews & in-depth information on your compliance)
- Provides four distinct levels of security access — compliance, internal audit, administration or board member(s)
- Fully integrates with other League InfoSight resources such as PolicyPro as a solution for complete compliance management
